

These days you need more than a watchful eye...

...you need ClickIt.

> SmartXi Analytics

> SmartXi Alert

> SmartXi Management

Can you imagine a digital video recording solution that not only helps reduce inventory shrink but delivers information that improves sales?

We did.

The ClickIt SmartCamXi solution allows you to track customer traffic, tallying customers entering and exiting, monitors in-store activity with path and dwell analysis, and helps you keep shelves stocked with an inventory alert. All customized to the needs of your store.

For more information on how ClickIt Smart Analytics can help your business, call 516-827-6326. Email: info@clickitinc.com
